

St Agnes' EYFS

Online Learning Journey – Parents' Guide

Introduction

All children attending St Agnes' EYFS have a personal on-line Learning Journey which records photos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of your child's experiences during their time with us.

We use Tapestry, a system, which is hosted in the UK on secure servers. You will have secure access (via email address and password) to your child's Learning Journey and, in addition to viewing our contributions, we encourage you to add to it by uploading photos and comments, or commenting on observations made by us.

Where do I start?

Once you have given us an email address, we will set up an account for you. You will receive an email with an activation link. To view your child's learning journey go to <https://eylj.org> on your computer, or if you have an iPhone, iPad or android phone or tablet then you can download the Tapestry app. Login using your email address and the password.

Changing your settings

On the computer

At the top right of your screen you will see your name, and selecting this will give you the option to 'Edit Preferences'. Choose this option and you will be presented with a screen giving you the option to change your email address and password.

You also have the option to receive an email whenever a new observation is added to your child's Learning Journey – just tick or untick the relevant box if you would like to change this setting.

On mobile devices

To change your settings on the iPhone/iPad app, click the 'cog' button on the bottom right hand side of the application. This enables you to change password and/or email address.

Viewing my child's Learning Journey

Once logged in, you will see your child's observations on your home screen in a list – selecting any one of these will open up the observation for you to look at. You may add comments in the box at the bottom of the observation if you would like to - and we would love to receive such comments!

Adding an entry to my child's Learning Journey

You too can add observations and comments to your child's Learning Journey. Choose the 'Add Observation' option (or the 'plus' icon on mobile devices) and add the relevant information in the boxes on screen. Photos and videos may be uploaded by choosing the 'add media' option. When you have saved your observation, you may go back to the home screen at any time by choosing 'home'.

Any questions, please ask!
