

COVID-19: Operational Risk Assessment for School Reopening in Sept 2021

SCHOOL NAME: St Agnes Catholic Primary

Member of Staff and Job Title:	Date of Assessment:	Date of Review:	Covered by this assessment:
SLT	July 21	October 21	Staff, pupils, parents, visitors, volunteers, contractors

Purpose of this document:

This COVID19: Risk Assessment and Action Plan document sets out the decisions taken and measures put in place to prepare for the re-opening of the school and ensure the school continues to operate in a safe way. This risk assessment should be undertaken in conjunction with the guidance on school reopening issued by the Department for Education: [Actions for schools during the coronavirus outbreak - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/actions-for-schools-during-the-coronavirus-outbreak)

Note: this template is based on current guidance as of July 2021 and that the situation may change by September

Therefore the unions recommend the wearing of face masks should be included as an additional control measure to reduce the risk of infection	New operational guidance has been published, in line with step 4 of the road map: <ul style="list-style-type: none"> • Actions for schools during the coronavirus outbreak • Guidance for special schools and other specialist settings • Actions for FE colleges and providers during the coronavirus outbreak • Actions for early years and childcare providers during the coronavirus outbreak • Use of PPE in education, childcare and children's social care Covid-19 Action for out-of-school settings guidance has been added which applies from step 4. It removes restrictions such as keeping children in consistent groups (bubbles), wearing face coverings in classrooms, communal areas and in community settings, limits on parental attendance, and restrictions on group sizes for residential visits. It also includes information about updating your outbreak management plan and what to do when an individual in your setting tests positive for Covid-19. From 16 August, children under the age of 18 years old will no longer be required to self-isolate if they are contacted by NHS Test and Trace as a close contact The special schools and other specialist settings guidance has been updated to confirm that over the summer, staff and secondary pupils should continue to test regularly if they are attending settings that remain open. Advice has also been confirmed for testing in the autumn term.

		<p>Apprenticeships guidance has been updated to reflect the change in the return to the workplace which will apply to apprenticeships as part of step 4 of the roadmap. This includes updated links and references to the redundancy support service, ending of flexibility permitting end-point assessment prior to functional skills qualification achievement, and an extension of the temporary policy on suspending the requirement for Level 2 apprentices to attempt Level 2 functional skills assessment</p> <p>Transport guidance has been updated to reflect step 4 of the roadmap out of lockdown. It removes the recommendations that distancing should be maximised and mixing should be minimised, and that children and young people aged 11 and over should wear face coverings. It provides advice on continuing to take proportionate measures to reduce the spread of infection.</p> <p>The public health guidance has been updated for exams with advice that applies from step 4. The guidance removes restrictions such as keeping students in consistent groups (bubbles) and wearing face coverings in classrooms and communal areas, and on dedicated transport</p> <p>Protect vulnerable workers - Working safely during the coronavirus (COVID-19) pandemic (hse.gov.uk)</p> <p>Safe working in education, childcare and children's social care settings, including the use of personal protective equipment (PPE)</p>

Some pupils, for example those with Autism will 	Y	Additional SEND TAs employed from Sept 21	

				<p>need to be supported by the same adults, where possible</p> <ul style="list-style-type: none"> From Step 4, close contacts will be identified via NHS Test and Trace. Staff may be contacted in exceptional cases to identify close contacts, as currently happens in managing other infectious diseases. 		<p>Majority of staff are double vaccinated so they would not need to isolate after close contact and all staff access to LFTs. If there is a positive LFT a PCR needs to be taken. A negative PCR within 2 days overrides the positive LFT.</p> <p>If a member of staff has contact with a positive case or contacted by track and trace they will be advised to take a PCR test as per the guidance.</p>	
				<ul style="list-style-type: none"> Ensure there is adequate delegation of roles to staff to deliver on site learning (for those attending school). 	Y	Roles to be redeployed and delegated as necessary	
2. Risk that the number of staff who are available is lower than that required to teach classes in school and operate effective home learning.	3	3	9	<ul style="list-style-type: none"> The health status and availability of every member of staff is known and is regularly updated so that deployment can be planned. Staff have opportunities to ask questions.	
7. Risk that staff who are extremely critically vulnerable are not identified and so measures have not been put in place to protect them.	4	3	12	<ul style="list-style-type: none"> • An individual risk assessment and suitable controls must be in place before they return to the workplace. The controls must enable the ability to reduce the number of different contacts and keep a safe distance. Further guidance to be released by the DHSC 	Y	Staff surveyed in May and have duty to inform of change in circumstance.	8
				<ul style="list-style-type: none"> • All members of staff with underlying health conditions have been instructed to make their condition or circumstances known to the school if it could put them at risk. Staff are made aware that they have a duty to inform the school if their health circumstances change which puts them at risk. Records are kept of this and regularly updated. Staff sharing their household with people with underlying health conditions places them at higher risk 	Y	See staff handbook

30. Lack of good ventilation means that there is risk of transmission	3	3	9	<ul style="list-style-type: none"> Ensure good natural ventilation in classrooms and common areas e.g. through opening a windows, doors etc 	Y	Windows are open for ventilation	6
				<ul style="list-style-type: none"> Identify poorly ventilated areas and decide how to improve ventilation 	Y		

				<p>There are some simple ways to identify poorly ventilated areas:</p> <ul style="list-style-type: none"> - Look for areas where people work and where there is no mechanical ventilation or natural ventilation such as open windows, doors, or vents - Check that mechanical systems provide outdoor air, temperature control, or both. If a system only recirculates air and has no outdoor air supply, the area is likely to be poorly ventilated - Identify areas that feel stuffy or smell bad 			
				<ul style="list-style-type: none"> • If the school has carbon dioxide (CO2) monitors, consider using these to monitor ventilation level, If there is a build-up of CO2 in an area it can indicate that ventilation needs improving. • Although CO2 levels are not a direct measure of possible exposure to COVID-19, checking levels using a monitor can help you identify poorly ventilated areas. 	Y	Some classrooms are fitted with CO2 monitors	
				<ul style="list-style-type: none"> • Carry out an assessment of fresh air (ventilation) in the workplace – Use the HSE link below to undertake the assessment and make appropriate adjustment. 	Y	Site manage to carry out assessment and regular monitoring.	
				<ul style="list-style-type: none"> • Follow guidance in the following link: • air conditioning and ventilation during the coronavirus outbreak. • https://www.cibse.org/coronavirus-covid-19 			
31. Visitors to the site (including parents) add to the risk	4	3	12	<ul style="list-style-type: none"> • Limit the external visitors to the school during school hours. The school needs to weigh up the risks (how many sites they visit, how many individuals there are coming, how close they get to pupils & staff, etc) versus the specific benefits for each group before deciding whether the visit is allowable. 	Y	Visitors by appointment and pre-arranged.	8

				<ul style="list-style-type: none"> • Signage giving routes, procedures, entrances and exits to be followed. 	Y	Signage to main entrance	
				<ul style="list-style-type: none"> • Review visitors/contractors sign in procedure to restrict use of shared equipment i.e. pen or touchscreen computer. 	Y	Visitors sanitise before touching equipment e.g visitor book and pen	
				<ul style="list-style-type: none"> • Parents should come into school buildings only when strictly necessary, by appointment, and ideally only one (unless for example, an interpreter or other support is required). Any such meetings should take place at a safe distance (and so the use of small offices may not be suitable) 	Y	Parents are encouraged to email and phone to office if needing to contact a staff member. Personal responsibility encouraged.	
				<ul style="list-style-type: none"> • Consider holding SEN meetings such as Annual Reviews and other start of term transition meetings 'virtually' where possible. 	Y	Annual reviews take place via Microsoft Teams	
32. Contractors on-site whilst school is in operation may pose a risk to reduction of contacts and maximising distance and infection control	4	3	12	<ul style="list-style-type: none"> • Ongoing works and scheduled inspections for schools (e.g. estates related) have been designated as essential work by the government and so are set to continue. 	Y	All systems in operation and all scheduled and planned maintenance has taken place.	8
				<ul style="list-style-type: none"> • An assessment has been carried out to see if any additional control measures are required to keep staff, pupils and contractors safe 	Y	Sanitising stations in common areas.	
				<ul style="list-style-type: none"> • Assurances have been sought from the contractors that all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective reduction of contacts and maximising distance is maintained at all times. 	Y	Remedial works to take place outside of the school day.	
				<ul style="list-style-type: none"> • Reduction of contacts and maximising distance is being maintained throughout any such works and where this is not possible arrangements are reviewed. 	Y	Arrangements made of outside of schools hrs where possible.	
				<ul style="list-style-type: none"> • In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated in light of COVID-19 (including contractor risk assessments and method statements, and contractor induction). 	Y
